

Livemail spam setup guide

1. Click on 'Folders' and click on 'Message Rules'

2. Click on 'New' to create a new message rule

Livemail spam setup guide

3. Click on Subject line, Move to a folder. Specify *****SPAM***** and move to your Junk email folder. Save rule.

New Mail Rule [X]

Create a new rule for your POP email account(s).

Note: You can't use rules for IMAP or HTTP email accounts like Windows Live Hotmail.

Select one or more conditions:

- Where the From line contains people
- Where the Subject line contains specific words
- Where the message body contains specific words
- Where the To line contains people

Select one or more actions:

- Move it to the specified folder
- Copy it to the specified folder
- Delete it
- Forward it to people

To edit this description, click the underlined words:

Apply this rule after the message arrives
Where the Subject line contains '***SPAM***'
Move it to the Junk email folder

Enter a name for

Spam
